Dear Sirs/ Madams:
Please pass Bill 202 and appoint a Municipal Auditor General to oversee spending of provincial money.

Calgary City Council has approved a \$25 million "designer bridge" which Calgarians were strongly against. On top of this NO local firms were even asked to bid on this new structure. It was AWARDED to an American man!

We need a person/ committee with a level head and some financial background to rein in these big spenders on Calgary City Council. The sooner the better!

Yours truly,
Janet Adair,
