Opening Soon in the Borealis Gallery

Home Economics: 150 Years of Canadian Hooked Rugs explores the unique stories and histories that have informed Canada's hooked rugs, highly recognizable forms of folk art with roots in 19th-century North America.

This is a travelling exhibition organized and circulated by the Textile Museum of Canada with the support of the Museums Assistance Program of the Department of Canadian Heritage.

Influence/Confluence opens at Alberta Branded on January 24

Join us for the free opening of Alberta Branded's showcase Influence/Confluence at 6 p.m. on January 24, 2019, at 9820-107th Street in Edmonton.

The showcase brings together compelling works by a diverse group of Alberta artists. From carvings to vibrant pastel drawings each piece is unique and has a story tell.

The process of making is not a singular act of influence or confluence. The creative process demands a confluence of the artist's history, biases, abilities and limitations along with the influences of politics, economics, social constructs and the physical environment.

By embracing both influence and confluence, artists form new and original paths.

Façonner Showing until January 16

There is still time to experience the many forms of Façonner, a showcase inspired by our ability to shape, fashion or mould the world around us. The showcase features uniquely Alberta art that is inspiring, evocative and showing exclusively at Alberta Branded until January 16, 2019.

Visit [Alberta Branded](#) for more information.
