STANDING COMMITTEE ON ALBERTA'S ECONOMIC FUTURE

September 2017

**To the Honourable Robert Wanner
Speaker of the Legislative Assembly
of the Province of Alberta**

I have the honour of submitting, on behalf of the Standing Committee on Alberta's Economic Future, its final report containing recommendations on Bill 203, *Alberta Standard Time Act*, for consideration by the Legislative Assembly of Alberta.

I would like to thank all Albertans who participated in the review process through written and oral submissions and in the stakeholder meetings. I would also like to recognize the tremendous amount of hard work that the Legislative Assembly Office staff put forward to ensure the completion of this review.

Sincerely,

[original signed]

Graham Sucha, MLA
Chair, Standing Committee
on Alberta's Economic Future

c. Mr. Robert Reynolds, Q.C.
Clerk of the Legislative Assembly

Trevor A.R. Horne, MLA
Spruce Grove-St. Albert (NDP)

Dr. Richard Starke, MLA
Vermillion-Lloydminster (PC)

* Substitute for Craig Coolahan on August 8, 2017
† Substitute for Wes Taylor on September 5, 2017

‡ Substitute for Kim Schreiner on September 5, 2017

1.0 Introduction

Bill 203, *Alberta Standard Time Act*, was introduced and received first reading on March 14, 2017. On April 3, 2017, the Bill was referred to the Standing Committee on Alberta's Economic Future for review.

2.0 Order of Reference

Excerpt from the Votes and Proceedings of the Legislative Assembly of Alberta, Monday, April 3, 2017:

On the motion that the following Bill be now read a Second time:

Bill 203 Alberta Standard Time Act — Mr. Dang

A debate followed.

Hon. Mr. Mason, Government House Leader, moved that the motion be amended by deleting all the words after "that" and substituting the following:

Bill 203, Alberta Standard Time Act, be not now read a Second time but that the subject matter of the Bill be referred to the Standing Committee on Alberta's Economic Future in accordance with Standing Order 74.2, and that the committee report the Bill back to the Assembly on or before October 4, 2017.

A debate followed on the amendment.

The question being put, the amendment was agreed to.

3.0 Committee Activities

As part of the Committee's review of Bill 203, Committee meetings were held on May 10, June 8, August 8, September 5, and September 19, 2017. The sponsor of Bill 203, Thomas Dang, Member for Edmonton-South West, gave a presentation on the Bill to the Committee on May 10, 2017. Written submissions were solicited from members of the public and from 71 identified stakeholders. The Committee received approximately 13,562 written submissions from members of the public and 15 from stakeholders. Eight stakeholders made oral presentations to the Committee on September 5, 2017.

In addition, the Committee established a subcommittee, composed of Mr. Graham Sucha (Chair), Mr. Glenn van Dijken, Mr. Craig Coolahan, Ms Maria Fitzpatrick, and Mr. Richard Gotfried, for the purpose of seeking further public input on the Bill in the cities of Grande Prairie, Edmonton, Calgary, and Lethbridge. At its meetings in Grande Prairie on September 8, Edmonton on September 12, Calgary on September 14, and Lethbridge on September 15, 2017, the subcommittee received oral presentations from 113 individuals. The subcommittee reported back to the Committee with a summary of its findings on September 19, 2017.

4.0 Recommendations

Pursuant to Standing Order 74.2(1)

When a Bill is referred to a standing or special committee after first reading, the committee may conduct public hearings on the subject matter of the Bill and report its observations, opinions and recommendations with respect to the Bill to the Assembly.

The Standing Committee on Alberta's Economic Future recommends that Bill 203 not proceed.

The Committee further recommends:

That the Government of Alberta engage other jurisdictions in Canada and the United States to discuss a coordinated approach to eliminating the practice of observing daylight saving time.

The Committee further observed:

That approximately 75 per cent of the submissions en masse to the committee were in support of abolishing the observance of daylight saving time and identified that it has a negative effect on, but not limited to, their physical and mental well-being, their children, families, productivity at home, at work, at school, and the safety on the roads.

Appendix A: Minority Report

Minority Report

Appendix to the Report of the Standing Committee on Alberta's Economic Future:
Review of Bill 203 – Alberta Standard Time Act

Members of the UCP Official Opposition

Authors:

Glenn van Dijken, **MLA** Barrhead-Morinville-Westlock;
Prab Gill, **MLA** Calgary-Greenway;
Richard Gotfried, **MLA** Calgary-Fish Creek;
Prasad Panda, **MLA** Calgary-Foothills;
David A. Schneider, **MLA** Little Bow;
Wes Taylor, **MLA** Battle River-Wainwright

To offer our collective perspective on the Standing Committee on Alberta's Economic Future's Final Report on Bill 203, the Alberta Standard Time Act, the aforementioned authors submit our Minority Report.

We agree, based on the data provided, that Bill 203 not proceed.

However, we do not agree with the committee observations found on page six of the final report.

During deliberations, the NDP majority passed a motion as follows:

"the Standing Committee on Alberta's Economic Future direct research services to include in its report regarding the committee's review of Bill 203, Alberta Standard Time Act, that approximately 75 per cent of the submissions en masse to the committee were in support of abolishing the observance of Daylight Saving Time and identified that it has a negative effect on, but not limited to, their physical and mental well-being, their children, families, productivity at home, at work, at school, and the safety on the roads."

In our opinion, this motion lacks objectivity and accuracy.

By instructing research services to include this as an official observation of the committee, the NDP majority have given the appearance that the written submissions received by the committee accurately represent the general public's viewpoint.

While the committee received approximately 13,562 written submissions, this does not accurately represent a province of over 4 million people, especially considering that these submissions were voluntary. Voluntary surveys often suffer from unrepresentative samples and response bias.

Also, it is factually incorrect for the committee to imply that those who responded in favour of abolishing the observance of daylight saving time identified negative impacts as the rationale for their opinion. In fact, a review of the Qualitative Analysis, reveals that this motion overstates the respondent's opinions on the topics mentioned in the Member's motion.

- 732 of 13,562, or 5 per cent, of respondents, raised health-related concerns (either physical or mental)
- 250 of 13,562, or 1.8 per cent, of respondents, raised safety concerns

- The largest category of responses in favour of the Bill, amounting to 19 per cent, was simply “Time Change is of No Benefit,” with no further rationale being offered

In many cases, respondents replied either yes or no with no explanation at all. There is no way to conclude with any level of certainty why people responded in the manner they did. We respect and recognize all opinions and responses received.

This motion does not accurately reflect the information received by the committee. Research staff should not have been instructed to include this statement as an observation or conclusion of the Committee’s findings in the Final Report.

Therefore we feel it necessary to express objection to the Motion identified in this Minority Report.
