Comments *	<p>I feel very strongly that Lobbyists are glorified pimps sent to bribe (or strong arm) their target into granting favors for money! Grafting is a word that comes to mind. This practice should be made illegal immediately! Also, on the same line of thought, it's time to limit access by unions as well! Let's get back to governing for the people that elected the "leaders" rather than the blatant scramble to "feather their own nest" as much as they can while in power. The serious issue of pay and pensions needs to also be addressed! It's time to clean the stench out of politics and put hard working, honest people back in charge....not money hungry, power hungry dictators!</p>
