PART B: COMMENTS	
Comments *	<p>Organizations and or private companies with revenues exceeding 5 million dollars a year should not be allowed to lobby (manipulate and buy) the government. This should include any and all "not for profits or lobbyist groups that lobby on be half of industries or groups of businesses which individually or combined have revenues exceeding 5 million dollars. The should include Organizations such as CAPP and Canadian Energy citizens. It is abundantly clear that the current provincial government is far too easily swayed by lobbyist groups. And that they consult with actual citizens and constituents far too rarely. Citizens are supposed to have more say in our government than Cooperations, Unions and the elites. It is time to remove the government for purchase system that is currently plaguing Alberta.</p>
