I am in agreement for and amendments of Bill 203, as I just came across this form and am not aware of Bill 203 , I believe the consumer must and should be protected from the auto resale and repairs business's , due to the fact that almost anyone with some mechanics can start a business in repair and resale of autos. I have seen and know that many people buy used & damaged vehicles at auctions and fix up just for resale for profit. These types of vehicles are every where and they are not inspected, who knows what kind of repairs they have had. A consumer/buyer should be protected by warranties, and any other means possible from consumer fraud.
