Dear Standing Committee on Families & Communities:

I am the Vice President, Store Operations for Fountain Tire, and in my role can speak on behalf of all 161 Fountain Tire stores, including 83 in Alberta. As of this year, Fountain Tire has been in business in Alberta for 60 years. Each Fountain Tire store is an independent business and most managers also have ownership in their store. This has helped Fountain Tire become one of Canada's premier tire and automotive service retail networks. Fountain Tire has been named among Canada's "Best Managed Companies" every year since 1994.

It is with great concern that I write to you today regarding Bill 203, the Private Members Bill which is currently under review with the Standing Committee on Families and Communities. Fountain Tire operates with the highest level of honesty and integrity, I am always in favour of creating better industry standards that protect both the consumer as well as the automotive sector. However, I feel strongly that Bill 203, as currently written, would require significant amendments to achieve this. That is why I ask you to carefully consider the Canadian Independent Automotive Association's (CIAA) position regarding Bill 203 as I support their recommendations.

As you are aware, Alberta is the only province in Canada that uses a regulatory body such as AMVIC to regulate and mediate repair services under the Fair Trading Act. To operate an automotive business in Alberta you must hold a valid AMVIC license and abide by all regulations in order to not only maintain your license, but also to avoid facing penalties and even possible prosecution. We are extremely fortunate to have AMVIC, but I feel that Bill 203 will not only create conflict within the existing legislation but also place expectations clearly outside of the jurisdiction of AMVIC.

Please take some time to follow this link to the CIAA website, [www.ciaassociation.org](http://www.ciaassociation.org). This will outline more information and the suggested amendments from the Canadian Independent Automotive Association. If you feel that the suggested amendments as outlined by the CIAA are unachievable within the context of a Private Members Bill, then I respectfully request that your vote reflect the dissolution of Bill 203. I sincerely believe upon further investigation that you will understand our concerns and reconsider supporting Bill 203 as it currently exists. There is definitely an opportunity here to work with the automotive industry to create stronger and effective consumer protection.

Thank you for your time. I invite you to visit me in our corporate office at 1006 – 103A Street SW, Suite 301 in Edmonton. It would be a pleasure to meet and discuss my concerns in greater detail. I can be reached at [REDACTED]

Sincerely,

Dave Deley
