Thank you for the opportunity to voice my opinion of the Bill 203. I, Peter Huber am a automotive repair shop owner in Acheson called PAG Automotive Services Ltd.. We have been here for 10 years. The business employs two other staff and has built its reputation by the word of mouth marketing. We provide the client the required repairs of their vehicle and advise of future repairs if needed. We believe the best interest of the client is number one! To keep the best interest of the client we provide the value of service at a reasonable cost. There are already licencing and guides to follow in Alberta to protect the client and have been in place for a long time. Example would be AMVIC and the Fair trading act.

The implementation of Bill 203 would have a very negative affect on the client and the repairs on their vehicle. There would not be any integrity to the client.

I am not in favor of Bill 203.  
 I would request to amend the Bill 203.  
 Thank you,  
 Peter Huber, PAG Automotive Services Ltd. 780-960-0902, [peter@pagautomotive.ca](mailto:peter@pagautomotive.ca)
