

October 28, 2016

Dear committee member;

I own and operate an automotive repair facility in the mill woods Edmonton. I have been in business for 6 years.

It is with great concern that I write to you today regarding Bill 203, a Private Members Bill, which is currently under review with the Standing Committee on Families and Communities. As a reputable repairer, I am always in favour of creating better industry standards that protect both the consumer as well as the automotive sector. However, I feel strongly that Bill 203, as currently written, would require significant amendments to achieve this. That is why I ask you to carefully consider the Canadian Independent Automotive Association's (CIAA) position regarding Bill 203 as I support their recommendations.

As you are aware, Alberta is the only province in Canada that utilizes a regulatory body such as AMVIC to regulate and mediate repair services under the Fair Trading Act. To operate an automotive business in Alberta you must hold a valid AMVIC license and abide by all regulations in order to not only maintain your license, but also to avoid facing penalties and even possible prosecution. We are extremely fortunate to have AMVIC, but I feel that Bill 203 will not only create conflict within the existing legislation but also place expectations clearly outside of the jurisdiction of AMVIC. Please take some time to follow this link to the CIAA website, www.ciaassociation.org.

Thank you for your time. I invite you to please visit our facility at 2404 – 50 Street, Edmonton, AB. It would be a pleasure to meet and discuss my concerns in greater detail. I can be reached at 780-466-4507.

Sincerely,

Biju Abraham
