From the research conducted during phase I of the Missing and Murdered Indigenous Women's Initiative, as well as community and professional consultations conducted during phase II of the same, the following are the proposed amendments that have been brought forward:

- 3(1) Should explicitly allow for electronic or in person application to a justice of the peace.
- 3(6) The police experience a fair amount of confusion around which "prescribed form" is to be used under which circumstances. Please name the form or add as an appendix.
- 4(4) Again, please name the "prescribed form" or add as an appendix.

Respectfully,

**Lisa Graham**
