SUBJECT: Standing Committee of Public Accounts (November 2, 2021) follow up

During the November 2, 2021 Standing Committee on Public Accounts several questions were asked related to the Alberta's Kindergarten to Grade 12 education system.

Responses to those questions have been compiled by department staff and can be found in the attached document.

If you have any questions, please do not hesitate to contact me.

Standing Committee on Public Accounts - Follow-up Responses

The attached table (Attachment 1) shows school division and grade level information. In the 2020/21 school year, 10,150 children were expected to enrol in Program Unit Funding (PUF). The actual enrolment for PUF in 2020/21 was 8,299.

PUF - 2020/21 Actual vs. Projection		
School Authority Type	2020/21 PUF Actual	2020/21 PUF Projections
Public School Jurisdictions	3,841	4,827
Accredited Private Schools	721	895
ECS Operators	3,737	4,428
Total	8,299	10,150

Alberta Education did not penalize school boards by reducing funding in the 2020/21 school year due to lower than expected enrolment.

The deadline for PUF Enrolment and Assessment was extended to December 1, 2020 to facilitate and support school authorities' return to classrooms following the closure of in-school classes in the 2019/20 school year. The extension was also for supporting any backlogs that might occur in assessments of children due to COVID-19.

PUF programming now ensures that children have access to a minimum 400 hours of teacher-directed instruction per year. A program that does not provide a minimum of 400 hours of teacher-directed learning did not receive any funding.

Support was provided to school authorities by enabling them to deliver programming online, where required, to address the physical meeting limitations that were in place due to the pandemic.

Supports for First Nations, Métis and Inuit (FNMI) students is one of the major grant allocations included in the funding provided to school authorities as outlined in the *Funding Manual for School Authorities*. School authorities direct supports based on their own unique situations.

Each school authority has its own initiatives to support First Nation, Métis and Inuit student success in provincial schools.

For the 2020/2021 school year, allocation for First Nations, Métis and Inuit (FNMI) Grant was \$75 million, a \$21 million increase from 2019/20.

The FNMI Grant is allocated to assist school authorities to provide system, program and instructional supports that improve education outcomes for First Nation, Métis and Inuit students and support the implementation of Truth and Reconciliation Commission recommendations.

Alberta Education provided school authorities a total of \$10.2 million as distance education funding in 2020/21.

Alberta Education allocated \$12 million from federal funding to online and distance education.

Data indicates approximately 24,500 students in the 2020/21 school year compared to 13,500 students in the 2019/20 school year. This may be due to parents choosing to provide a home education program due to the COVID-19 pandemic.

During the 2020/2021 school year, Alberta Education received notifications that approximately 500 of the 24,500 students in home education programs were not under the supervision of school authorities.

2020/21 Accredited Private School Enrolment*	
	Headcount
ECS	2,800
Grade 1-9	16,678
Grade 10-12	3,588
Total Regular	23,066
Home Education and Shared Responsibility	13,329
Total Accredited Private School	36,395

*Attached table shows detail enrolment break down of private schools.

17 school authorities and 60 schools are involved piloting draft K-6.

- Fort Vermillion School Division;
- Golden Hills School Division;
- Horizon School Division;
- Westwind School Division;
- Christ the Redeemer Catholic Separate School Division;
- Foundations for the Future Academy Charter School Society; and
- one charter school and 10 independent authorities.

Education instituted a helpline and email for parents of students, particularly those with disabilities, during COVID-19 and at-home learning.

- The line is 780-422-6548 (toll-free by first dialing 310-0000) and is also accessible through email at studentsupport@gov.ab.ca.
- The line is answered Monday through Friday from 8:15 a.m. to 4:30 p.m.

The helpline and email were established to assist families with their questions and connect them to their school boards where appropriate.

- This could include key members of the school division (teacher, principal, leadership, school board, etc.) to find collaborative solutions to meeting their child's learning needs at home.

Student Support Email Stats

250 emails were received from March to August 2020, with 154 related to COVID-19.

- There were 61 emails received in March and April 2020 when the Minister first publicly shared the Student Support email.
- 38 emails were received from September 2020 to August 2021, with 16 related to COVID-19.
- There were no additional costs to operate the parent helpline, as it was incorporated into the existing responsibilities of staff.
- Since April 2020, there have been a total of 123 calls to the parent helpline. The department continues to maintain the parent helpline during the COVID-19 pandemic and by way of evaluation will ensure each caller's issues or questions are addressed.

The Minister approved the non-payment of property tax in the amount of \$313,340 (2020: \$361,950) for the City of Cold Lake on October 30, 2020, pursuant to Section 167(11) of the *Education Act*.

On September 4, 2020, the City of Cold Lake submitted a request to the Minister of Education to further defer a portion of its 2013–2019 education property tax requisitions, as well as a portion of the 2020 requisition.

- This request is the result of a shortfall in the federal payment in lieu of taxes (PILT) for the assessment of the 4 Wing Military Base, which is located in the City of Cold Lake.

Every year, the province uses assessed value to calculate the amount of taxes each municipality must collect toward the public education system. Municipalities collect the education property tax from ratepayers and then forward it to the province for deposit into the Alberta School Foundation Fund.

Property owned by the federal Crown is constitutionally exempt from provincial and municipal taxation. However, the federal government makes discretionary payments in lieu of taxes to provinces and municipalities under the authority of federal legislation, namely the *Payments in Lieu of Taxes Act*.

As a result of a discrepancy between the city assessor's 2012 valuation and the federal government's 2012 valuation on the 4 Wing Military Base, the City of Cold Lake applied for a review of the federal PILT payment with the Government of Canada's PILT Dispute Advisory Panel.

- The City of Cold Lake and Public Services and Procurement Canada remain in disagreement regarding any adjustment for the servicing infrastructure.
- After many unsuccessful attempts to resolve the outstanding issues, on July 9, 2018, the City of Cold Lake requested a consolidated hearing with the Dispute Advisory Panel for all years (currently requesting the inclusion of the 2019 and 2020 appeals), with the goal of getting assistance in clarifying, and possibly formalizing, an agreement on the issues.

- The City of Cold Lake is trying to expedite the judicial hearings and proceed with the Dispute Advisory Panel hearings.

The Minister of Education has signed the attached ministerial order (Attachment 6) deferring a portion of the City of Cold Lake's education property taxes from 2013–2019 and the new approval of education property tax deferral for 2020.

Attachments 3 and 4 provide a detailed list of reported Capital Maintenance and Renewal (CMR) and Infrastructure Maintenance and Renewal (IMR) projects undertaken by the Northland School Division in 2020/2021 (April 1, 2020 to March 31, 2021).

Attachment 5 details the submitted projects funded through the 2020 CMR stimulus funding (\$250 million).

The deadline for reporting the CMR 2020/21 fiscal year projects was March 31, 2021. However, given the scope and size of several projects, as well as supply chain issues, school jurisdictions were provided with an extension to complete their projects and report their spending. Some school jurisdictions are still finalizing reporting of CMR stimulus funded projects.

We have taken steps to address the recommendation of the Office of the Auditor General's outstanding recommendation that the department "Improve monitoring, assessing, and reporting process on school jurisdictions' accumulated reserve balances." The department monitors accumulated reserve balances for all school boards, along with the annual audited financial statements and budget report. School jurisdictions with an accumulated deficit of operations must provide explanations and plans to eliminate this deficit.

As a result of the *Fiscal Measures and Taxation Act*, passed in spring 2020, all school boards require ministerial approval before they can spend their reserves.

In September 2017, Education developed a Student Attendance Oversight Plan for Northland School Division, which frames the department's work in providing oversight and guidance on Northland's efforts to improve student attendance.

- The oversight plan is updated yearly to ensure it aligns with the current iteration of Northland's attendance plan.

Education staff meet monthly with Northland's Director of Student Attendance, Engagement and Completion and meet quarterly with the superintendent to provide oversight and discuss progress on Northland's attendance plan.

- Regular and comprehensive feedback is provided to support assessment and analysis of the division's attendance plan to ensure continuous improvement.

Education's internal attendance subcommittee reviews and analyzes Northland's attendance results on an ongoing basis to inform oversight and feedback to the division.

Education conducts annual onsite attendance monitoring of Northland schools in collaboration with Northland's Director of Student Attendance, Engagement and Completion to identify effective processes and those needing improvement.

In the 2016/17 school year, Education approved Northland's request for a 20 per cent increase to its operational funding for five years to support the division's transition to an elected board, which included support for strategies to increase student attendance, completion and achievement.

With the oversight of Education, Northland has implemented the Office of the Auditor General's recommendation to develop and execute an Attendance Improvement Operational Plan to improve student attendance.

As recommended in the Office of the Auditor General's report, the operational plan includes:

- numerous strategies to improve student attendance and engagement;
- costs and resources to action the strategies;
- specific timelines for implementation;
- measurable results and responsibilities; and
- regular reporting on progress achieved.

Northland has significantly improved the monitoring and enforcement of attendance in its schools, including:

- standardizing attendance tracking processes across the division;
- providing ongoing guidance and training to schools on recording and monitoring attendance;
- establishing an Office of Student Attendance at the division level and hiring a Director of Student Attendance, Engagement and Completion to focus solely on improving student attendance, engagement and high school completion; and
- establishing school attendance improvement committees in all schools and implementing specific actions targeted at chronic non-attenders and their families.

Although the Office of the Auditor General's recommendations have been implemented, data indicates that attendance rates in Northland have declined during the COVID-19 pandemic.

Northland student attendance was:

- 79.5 per cent in the 2017/18 school year;
- 81.2 per cent in the 2018/19 school year (an increase of 1.7 per cent);
- 79.4 per cent in the 2019/20 school year – recognizing that students were at home from mid-March to the end of June; and
- 64 per cent in the 2020/21 school year.

Recognizing that the unprecedented COVID-19 pandemic is negatively affecting student attendance in Northland schools, Education has engaged Northland administration in adjusting its attendance operation plan in response to lessons learned during the 2020/21 school year in preparation for the 2021/22 school year and subsequent school years.

- For example, in preparation for the 2021/22 school year, Northland has established an online school, a centralized distance/at-home learning solution to support students across the division who are unable to attend in-person classes.
- The online school has a group of teachers dedicated to teaching online only, with the intent of reducing the intensity for teachers who in the 2020/21 school year were required to manage as many as three different instructional streams (in-person, online and blended).

Education will continue its oversight of Northland student attendance for the 2021/22 school year, including monitoring Northland attendance rates in anticipation that the division's attendance strategies continue to improve student attendance and engagement.

GOVERNMENT OF ALBERTA
DEPARTMENT OF EDUCATION
MINISTERIAL ORDER (# 033 / 2020)

I, Adriana LaGrange, Minister of Education, pursuant to Section 167(11) of the **Education Act**, make an order in the attached Appendix, being an Order deferring the payment of sums to be paid by the City of Cold Lake into the Alberta School Foundation Fund (ASFF) pursuant to section 167(4) of the **Education Act**.

DATED at Edmonton, Alberta October 30, 2020.

MINISTER OF EDUCATION

APPENDIX

EDUCATION ACT

MINISTERIAL ORDER (# 033 / 2020)

**An Order deferring the payment of sums to be paid by
the City of Cold Lake into the Alberta School Foundation Fund (ASFF) pursuant
to section 167(4) of the Education Act**

WHEREAS the City of Cold Lake (municipal district) is required pursuant to section 167 of the **Education Act**, to pay sums into the Alberta School Foundation Fund (ASFF) that results from applying property tax rates established in mills by the Lieutenant Governor in Council to the equalized assessment of the municipality as established each year by the **Municipal Government Act**;

AND WHEREAS the City of Cold Lake has unresolved matters involving the Government of Canada's Dispute Advisory Panel (DAP) established pursuant to the federal **Payment in Lieu of Taxes Act** which impacts the municipality's payment of the required amount into the ASFF:

- 1 Pursuant to section 167(11) of the **Education Act**, I order the deferral of the following amounts that are required to be paid into the ASFF:
 - a) \$407,000 required to be paid under section 167(4) of the **Education Act** for 2013, by applying the non-residential tax rate expressed in mills, as set out in Order in Council 99/2013 dated, April 24, 2013 to a portion of the municipality's non-residential equalized assessment until August 31, 2021.
 - b) \$404,400 required to be paid under section 167(4) of the **Education Act** for 2014 by applying the non-residential tax rate expressed in mills, as set out in Order in Council 133/2014 dated, April 9, 2014 to a portion of the municipality's non-residential equalized assessment until August 31, 2021.

APPENDIX

EDUCATION ACT

MINISTERIAL ORDER (# 033 / 2020)

**An Order deferring the payment of sums to be paid by
the City of Cold Lake into the Alberta School Foundation Fund (ASFF) pursuant
to section 167(4) of the Education Act**

- c) \$405,000 required to be paid under section 167(4) of the **Education Act** for 2015, by applying the non-residential tax rate expressed in mills, as set out in Order in Council 165/2015 dated, June 30, 2015 to a portion of the municipality's non-residential equalized assessment until August 31, 2021.
- d) \$503,518 required to be paid under section 167(4) of the **Education Act** for 2016, by applying the non-residential tax rate expressed in mills, as set out in Order in Council 137/2016 dated, June 10, 2016 to a portion of the municipality's non-residential equalized assessment until August 31, 2021.
- e) \$411,300 required to be paid under section 167(4) of the **Education Act** for 2017, by applying the non-residential tax rate expressed in mills, as set out in Order in Council 321/2017 dated, October 18, 2017 to a portion of the municipality's non-residential equalized assessment until August 31, 2021.
- f) \$405,300 required to be paid under section 167(4) of the **Education Act** for 2018, by applying the non-residential tax rate expressed in mills, as set out in Order in Council 221/2018 dated, June 27, 2018 to a portion of the municipality's non-residential equalized assessment until August 31, 2021.

APPENDIX

EDUCATION ACT

MINISTERIAL ORDER (# 033 / 2020)

**An Order deferring the payment of sums to be paid by
the City of Cold Lake into the Alberta School Foundation Fund (ASFF) pursuant
to section 167(4) of the Education Act**

- g) \$361,950 required to be paid under section 167(4) of the **Education Act** for 2019, by applying the non-residential tax rate expressed in mills, as set out in Order in Council 244/2019 dated, November 26, 2019 to a portion of the municipality's non-residential equalized assessment until August 31, 2021.

- h) \$313,340 required to be paid under section 167(4) of the **Education Act** for 2020, by applying the non-residential tax rate expressed in mills, as set out in Order in Council 188/2020 dated, June 24, 2020 to a portion of the municipality's non-residential equalized assessment until August 31, 2021.
