---

Dear Mr. Roth:

On behalf of the Ministry of Education, the Calgary Board of Education and the Edmonton Public School Board, we would like to thank the Standing Committee on Public Accounts for the opportunity to meet on February 11, 2020. It was our pleasure to be able to discuss many of the critical and important matters related to our education system.

It has been noted that a couple of updates are required to the transcript of the meeting.

1. On page PA-134, Brad Grundy is quoted as saying, "...on our results to report..." It should be clarified as Results Two report. This is a monitoring report that administration provides to the board of trustees on academic success. The quote should read, "on our Results Two report..."
2. On PA-139, Mr. Grundy is quoted as saying, "...operating reserves were \$2.9 million." The actual number was \$22.9 million.

I also understand that there was not sufficient time at the meeting for all matters to be addressed and that there were follow-up items for which we must provide written responses. Attached is a document that aggregates the efforts of the Ministry of Education, the Calgary Board of Education and the Edmonton Public School Board to address all outstanding discussion topics. Please note that this information has been prepared independently by the respective boards and the Ministry of Education. I trust this information responds to all follow-up questions of the Standing Committee on Public Accounts.

Please do not hesitate to contact me if you have questions.

Sincerely,

Andre Corbould  
Deputy Minister of Education
