I would like to see the Lobbyist Act repealed/ removed completely as it has given the Big companies an very big advantage against the people . I believe what you are doing here is the way to go . A online submission by any one that would like to see changes in every area of government. (With lots of pre advertising) Every one has a chance to suggest changes this way. This would also cut down on MLAs /ministers time grid lock . The Ministers could see every ones views and not about 95% from the big companies 5% people

I would also like all suggests to be posted online (Transparency) We all can see how the public is leaning towards each subject & what Companies are leaning towards themselves . This would eliminate the chances of it looking like there may be bribes /pay offs (Behind closed doors)

Thank you for listening and giving me the chance to add my opinion .

Derek Thompson.
