Dear Committee Members:

Re: Review of the Public Sector Compensation Transparency Act

Thank you for the opportunity to provide input on this review of the Public Sector Compensation Transparency Act. We recognize the importance of transparency for publicly-funded institutions.

We have shared your communication with all of those impacted by the requirements of this Act. To date we have not encountered any significant challenges with meeting the requirements of the Act. Since the introduction of this legislation, our Human Resources Department has worked with our employees affected and has received no formal complaints or other related concerns that could not be reasonably managed. We remain comfortable with the legislation and related procedures and should we run into any challenges in complying with the Act, we will be sure to inform the Standing Committee on Resource Stewardship.

Thank you very much for the opportunity to provide input into this review.

Sincerely,

Timothy Rahilly, PhD
President and Vice-Chancellor
